COVID-19 STATEMENT April 2020

Greetings Dear Clients,

As the owner of Triangle, I thought it essential to formally inform you of our current position.

We have put and will continue to put additional measures in place to protect our staff and our clients' interests and will continue to operate a full service for essential work in line with current government guidance.

- All staff have been briefed on 20sec hand washing procedure
- All staff have access to sanitiser gel, anti-bacterial wipes or handwash stations
- All staff to put their safety first and will walk away from any property that represents an elevated risk

All non-essential work will be reviewed and only undertaken if social distancing and current guidelines can be met without compromise. We can minimise our exposure by coordinating work so that only one trade is on site at any one time.

We expect all our clients where reasonably practical to evaluate their contractors and tenants prior to our arrival and advise us of any self-isolating or infected individuals so that we can all respect each other's exposure.

Like the majority of companies we have the capacity to work from home and you should not see a drop in the level of service you are accustomed to, but in the event response times slow down please call us to discuss further it maybe a broadband or telecoms issue and we ask for your patience during these extraordinary times!

Many thanks for your continued business!!

Edward Stewardson

Owner & CEO
